

**Supplementary Table 4.** Management of HCC recurrence: all patients

Treatment of HCC recurrence	DAA treated group (n=1)	IFN-treated group (n=3)	Untreated group (n=507)
Liver transplantation			2
RFA	1	2	211
TACE		1	257
RFA+TACE			14
Intra-arterial chemotherapy			13
Sorafenib			10

HCC, hepatocellular carcinoma; DAA, direct acting antiviral age; IFN, interferon; RFA, radiofrequency ablation; TACE, trans-arterial chemoembolization.
